

The Three Little Pigs (14.11.18)

We made our own houses for the little pigs using straw, sticks and bricks

“I made a house for the little pig with the bricks” (Orlagh)

We learned about ‘heavy’ and ‘light’ when we discovered which items the big bad wolf could blow over!

He blew the straw house down and then the house made of sticks but he couldn't blow down the house made of bricks! “Cause it's too strong!” (Owen)

‘Cause it's got cement bricks down to the ground and in it!’ (Archie)

The wolf blew down an empty milk carton but he couldn't move the full one!

Full carton of milk

“Wow!” (Sarah)

“It’s too heavy” (Maddie)

“It’s heavy, it’s not going to fall” (Owen)

“Ooh, that’s heavy!” (Finlay)

Empty carton of milk

“It’s not heavy” (Owen)

“It’s light, it’s not heavy” (Finlay)

He huffed and he puffed but he couldn't blow away the big stone, but he blew away the little one!

“The big one is heavier”
(Lukas)

“That one’s heavy and that one’s light” (Evie)

“It’s pretty powerful!”
(Jackson)

We made a chart of the items the wolf blew over

Bottle top "Yes" (Zara)

"The sellotape is no" (Eva)
