

P7 Positive Playground Policy

We want our playground to follow **SHANARRI!**

We want everyone to feel **Safe, Healthy, Active, Nurtured, Achieving, Responsible, Respected and Included.....and as a result HAPPY.**

We don't like when people:

- Fight with each other
- Hurt each other either verbally or physically
- Take each other down
- Don't look after equipment
- Are disrespectful to others

In line with our **Golden Rules** we made up the following rules to try to make sure our playground is a happy and safe place for everyone:

- **Treat others fairly**
- **Play safely and carefully**
- **Look out for each other**
- **Share and look after equipment**
- **Agree to disagree respectfully**

If a rule is broken in the playground the following steps will be taken:

1. Verbal rule reminder given to child.
2. Second warning issued.
3. On a third warning the pupil will lose 5 minutes of their playtime, either in the timeout area in the playground or inside. They will be reminded of the playground rule they have broken. PSAs will have small copies of the rules and during timeout the pupil will be encouraged to think about which rule they have broken and decide what could be done differently next time.

Let's work together to make our playground a really positive and happy place to be.
